Preface

Lerne Adams Foundation (LAF) is an indigenous Kenyan NGO registered as non-religious, non-political and non-profit organization. The organization is registered under Kenyan laws as a foundation Instituted, staffed, and managed by group of professionals. The organization has its base in Homabay and works with counties i.e. Migori, Kisumu and Siaya (communities living around Victoria region). The organization was officially strengthened and founded in January 2016 as a CBO but later registered as a foundation in 2019. It has now taken up the challenges of articulation and contribution to the country's development priority agenda.

The Vision

‘Sustainable development for the marginalized through integrated environmental and one health approach while focusing on equity and human dignity’,

The Mission

“To maximize productivity and self-reliance among the rural communities by availing opportunities for resource poor households through improved access to human development opportunities”.

Lerne Adams Foundation operates in five sub-county namely, Homabay town, Karachuonyo, Kasipul Kabondo, Rangwe, Suba North and South. Our sectoral scope extends to:

- Women, Youths and Persons with Disability Socio-economic Empowerment,
- Hiv prevention care and treatment
- Environmental and Personal Hygiene,
- Sexual Reproductive Health (Adolescents, Youths, Sex workers – both men and women, persons with disability)
- Sexual and Gender Based Violence
- Child care and support (Orphans and street children,)
- Mental Health

Lerne Adams Foundation also provides a conducive environment for Professionalism, Integrity, Creativity, Team Work, Unity of Purpose and Respect.

IMPLEMENTATION

Community Based Capacity Building (Funded Projects)

Male Champions

Leanne Adams Foundation empower women and promote active participation in Leadership and governance, advocate for Gender Based Violence and Socio-Economic Empowerment to dismantle Community Patriarchy.

This Project targets Young Women that aspire for Political position, Community Leadership and Women Participation in decision Making.

Education

Education is a project targeting Vulnerable Community Members, Orphans and Single Parents. The Project is aimed to Take a Child to school whose guardian and Parent cannot support their Education. This project target Children under Secondary and Tertiary.

This will enable us to shape up Character, Monitor their contribution to the family and the Community in general and Academic Progress. We also give linkages and Networking for our beneficiaries.

Our focus is on Informal Settlements, Semi-Urban areas/Rural in communities around L.Victoria. The Education Program is only for the needy Households after different background assessments to ensure the rightful people benefits.

Peace Initiatives

The peace consortium members' implements development projects in various regions geared towards improving the social and economic status of various communities in the region. Therefore, a peace consortium members have come together to address political and ethnic violence that tends to reverse the gains achieved in the various development initiatives by promoting peaceful, social, political & economic co-existence amongst the communities of Western Kenya.

Abstinence Campaign Programme

Leanne Adams Foundation primary focus concentrated is on facilitating comprehensive learning and knowledge to the adolescents in and out of schools with a desire to improve their psychosocial wellbeing specifically on: Abstinence from risky sexual behavior, abstinence from alcohol, drug and substance abuse including stress management for psychosocial wellbeing, change management entrepreneurship, relationship and gift of nature. The strategies used are:

- Sensitization and Education.
- Capacity enhancement and skills development.
- Campaigns.
- Networking through social network platform.

Other Projects

Indicator Development Surveillance for Urban Emergencies

The project focuses on operational research for collecting data on socio-economic wellbeing of the urban slum dwellers in Kenya. The key objectives include gathering data to enable development of indicators for urban slum, to compare what constitutes a normal situation and a crisis in the urban slums and to develop practical set of indicators to counter urban emergencies that can be suitable for triggering humanitarian emergencies in the urban settlements.

The study methodologies include the following:

- Village mapping
- Segmentation and sub-segmentation
- Household listing
- Randomization of households
- Door to door data collection
- Focus Group discussions
- Key informant interviews
- Market surveys

The information gathered through the project is to enable the development of slum emergency indicators for policy development and strategic planning for urban informal settlements.

Capacity Building Initiatives for Women Groups and Youth Groups

LAF is working to Strengthen Young Groups on the Importance of Budget Making Process, Budget Tracking and Monitoring and Evaluation on Social Audit. Local Governments capacity in community participation in local planning and monitoring with aim to restore confidence and credibility. The collaboration in particular aims to carry out participatory community mobilization, consultations and monitoring and to enhance public participation in local governance, planning and policy framework processes in the three states.

The strategies of the project are:

- Capacity building to target groups using participatory approaches.
- Supportive supervision in application of knowledge and skills.
- Monitoring and documenting of best practices and most significant change stories.
- Consultative meetings with Government Ministries and other stakeholders.
- Institutionalization of learning institutions.
- It also aims at building self-reliance during Covid-19 and Post Covid-19

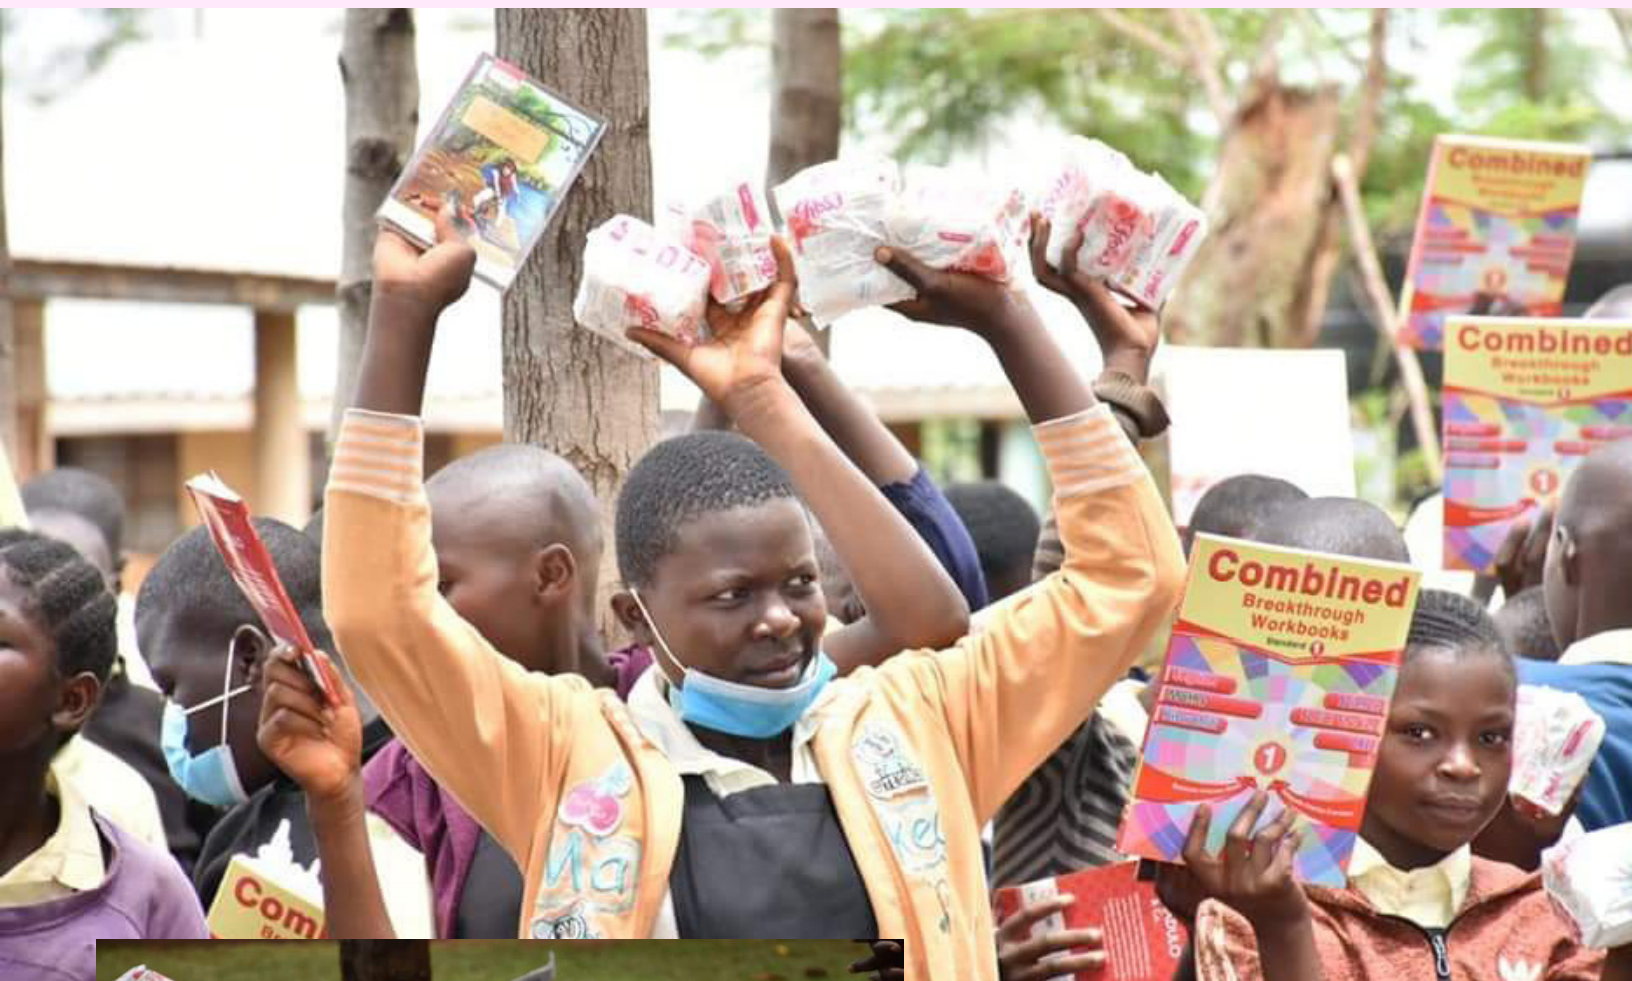

Community Activities

- Community Dialogue
- Women Barraza
- Community Male Champions
- Radio Talk Shows/Media Engagements
- Women Economic Empowerment Sessions
- Youth Forums
- Community Teens Ambassadors
- Community Persons with Disability Inclusion
- Community Health Promotion
- Community Teens Education Networks
- Community Environmental Hygiene
- Improved health status to the vulnerability Community members and reduced spread of Water borne diseases.
- Reduced spread of Covid-19.

Single Parents Project

The Single Parents project was initiated in the year 2019 where LAF works with poor single parents who are widows, divorcees, separated from their spouses or who never got married. The main activities are centered on counseling, addressing pertinent issues through group therapies/meetings in respect to single parented families, issuing of revolving fund to support existing income generating activities and assisting them to initiate, manage and evaluate health financing mechanisms to improve their health status.

This is done with the target of ages(18-35years) and we target the following sub-counties Homabay town, Karachuonyo, Kasipul Kabondo, Rangwe, Suba North and south. The project also entails Education Support for the single Parents and their Sibling

ORGANIZATIONAL STRENGTHS

- LAF is a legal/visible entity.
- Documented and enforced policies and systems that govern the organization.
- LAF has a Strategic Plan in place for year 2020-2023.
- LAF has successfully initiated and implemented unique projects in the Kisumu County
- LAF is a strong believer in partnership and networking in transforming the needy communities to stand on their own.
- LAF is proud of its long-standing relations with partners and collaborators with a lot of credibility and Integrity.

STRATEGIC DIRECTION

Guided by the LAF 2020 Strategy, our strategic objectives rests on 4 key pillars and their strategic outcomes:

Community Empowerment

- Improved living standard of the community
